

EDUCATION CITIES

the art of collaborations

Hadera democratic school

This shape represents the world
of knowledge

This shape represents the world of knowledge

Different human beings have different areas of strength.

The box represents the knowledge learned at schools.

The traditional education system pushes individuals into the box

The traditional education system pushes individuals into the box

The traditional education system pushes individuals into the box

The traditional education system pushes individuals into the box

Life in the box is very crowded -
its hard to see the uniqueness of each
individual

Is it a box or a pyramid?

WE WON'T BE A LOST GENERATION

fight for jobs and education

The goal of
is to change this situation

Everyone can be excellent !!!

Learning in an area of strength fortifies the emotional intelligence & is an important basis for a successful life.

AREAS OF
STRENGTH

A Learning Network

Education City

The city as one big school

A horizontal sequence of seven cartoon characters, each representing a different profession, connected by curved arrows pointing from left to right. The characters are: 1. A man in a suit with a network diagram. 2. A woman with a headset. 3. A woman in a lab coat with a mortar and pestle. 4. A woman with a speech bubble. 5. A man in a suit with a purple tie. 6. A man in a suit holding a trophy. 7. A smiling man with a lightbulb above his head.
